## Principal's foreword

### Introduction

- Winton State School is a Band 8, P-12 school located in Central Western Queensland. Winton is located some 177 kilometres north west of Longreach and approximately 500 kilometres south of Mt Isa.
- The school is in a rural and remote area, significantly geographically isolated, with the nearest major business centre of Townsville located some six hours drive away by vehicle.
- The township of Winton has a strong pride in its rich pastoral and tourist traditions. The town receives many visitors annually during the cooler months of the year, with attractions such as The Waltzing Matilda Centre, The Winton Club, Age of Dinosaurs, Musical Fence, station stays at Carisbrooke and Windemere Stations and Lark Quarry ensuring that the local tourism industry is strong.
- This report documents the achievements of the school during the 2013 academic year. It includes information concerning student achievement, staff, parent involvement, enrolments, attendance and behaviour. A hard copy of this report can be obtained from the school office.

### School progress towards its goals in 2013

#### Improve staff, student and parent confidence within the school

Being a School wide Positive Behaviour School we often get comments from visitors (including the Governor of Queensland) that the school has a very positive feel. Our recent Teaching and Learning Audit placed us in the 'Outstanding' category for community engagement.

#### Improved student learning in the areas of literacy

Student learning in the area of literacy has showed improvement within the group of students who have been consistently enrolled at the school. Our strategies for the provision of reading interventions has proven successful, with many students making greater than expected gains. Our group of transient students demonstrated lesser improvement but improvement was still shown across the group. We will continue to focus upon literacy and specifically reading.

DEPARTMENT OF EDUCATION, TRAINING AND EMPLOYMENT

## Queensland State School Reporting 2013 School Annual Report

### Establishment of identity within and beyond the school.

The school has taken on a vigorous media release campaign, through video embedded into our newsletters, Facebook and twitter, we are promoting all areas of our school to the wider community. We are involved in many areas of community engagement: meals on wheels, volunteer work, the Winton Show, a major role in the towns ANZAC Service and invited community and St Patricks Catholic School to join the school for various events like athletics carnivals and NAIDOC Week.

### Future outlook

- In 2014 Winton State School plans to:
- Improve parent and community engagement with the school.
- Improve reading comprehension and reading fluency across the school. This will be an ongoing focus of Winton State School and will always be at the forefront of our agenda.
- We are acting strategically to close the gap and we hope to generate an EATSIPS position to embed cultural perspectives to our curriculum
- Continue to develop and review senior pathways.
- Develop a greater understanding and methodology around junior secondary. We are aiming to enhance our pedagogical approach to suit these learners and to generate greater engagement with their learning.

Further into the future we aim to develop a QCS program for Gifted and Talented students', to develop the provision of HOTS Higher Order Thinking Skills and science will also focus quite heavily as a school priority.

## School Profile

- **Coeducational or single sex:** Coeducational
  - **Year levels offered in 2013:** Prep Year - Year 12
- ☐ **Total student enrolments for this school:**

	Total	Girls	Boys	Enrolment Continuity (Feb – Nov)
2011	104	50	54	83%
2012	89	43	46	78%
2013	85	39	46	76%

Student counts are based on the Census (August) enrolment collection.

## Characteristics of the student body:

Students at Winton State School are derived from a Low Socio Economic Community evidenced by a substantially lower than average Indicator for Community Socio Educational Advantage. The student body is very transient with approximately 28% of the student enrolment being at the school for fewer than 14 months. In the past 12 months indigenous enrolments have risen at the school from 45% to approximately 52%.

## Average Class sizes

## Curriculum offerings

- **Our distinctive curriculum offerings**

- Choice of OP versus Non OP subjects

Students have a choice of participating in an OP or non-OP pathway. Both pathways can be accessed by participating in subjects offered at Winton State School

- Vocational Pathway Programs and School-based traineeships and apprenticeships (SATs)

Students on the non-OP pathway have the chance to participate in approved vocational programs and SATs. All students on non-OP pathways participate in at least one Certificate Level course and attempts are made to work with local business to secure SATs opportunities for students.

- Outback College of Hospitality (The Big Red Truck)

Winton State School is a partner school in the operation of the Outback College of Hospitality. The college is a mobile trade training centre which visits Winton for two weeks each term. While on site the accompanying teacher works with students to develop competencies associated with Certificate II Hospitality (Kitchen Operations) □ Wide range of sporting opportunities for students

Students at Winton State School participate in HPE Week, a school level athletics and swimming carnival and cross country. Students also have the chance to play against staff in student teacher competitions. Older students participate in regional and district selection carnivals.

- Visiting CSIRO Science Workshops
- Visiting Sporting Clinics from NW Sport and North Qld Cowboys
- Jump Rope for Heart
- HPE Week Activities
- NAIDOC Week Celebrations.
- Student Work displayed at the Winton Show
- Rock Pop Mime Performances
- Lunchtime activity program
- We also offer a full range of after school activities to suit all ages. Some of these include: Sewing, Geek Club, Arts and Crafts, Self Defence and Girls with Attitude

## How Information and Communication Technologies are used to assist learning

Winton State School has high student to computer ratio. Students in both secondary and primary school access the school's fully equipped dual computer labs. The labs are equipped with 20 computers loaded with Microsoft Software, CAD, Photostory and Movie Maker, to name but a few programs which are frequently used.

In 2013 students in the primary years also used online programs to support their learning. These programs included: Mathletics (This has been increased across our Math Teaching), Spellodrome and Reading Eggs. Students, particularly in the secondary years, utilised a bank of 16 laptop computers and IPADS to allow for flexibility and mobility in the learning environment.

The use of IPADS allowed students to instantly capture evidence of learning through video and photos, and manipulate these images instantly without the need to waste time downloading images onto a computer. Video also proved a great asset for improving coaching and skill development in Senior Recreation Studies.

All classrooms received upgrades to ensure Interactive Projectors were installed. At Winton State School the latest technology helps build a platform greater student engagement and interest in learning.

We also utilise the latest technology apps such as Aurasma and Audience Participation Hand Sets (quizdom) which allow the teacher to gain instant feedback on learning.

## Social climate

Winton State School is a calm school that has thoroughly embedded SWPBS into our daily practices, routines and language, as such the School is calm and a positive place. Visitors often feedback to us just how nice the school feels. We are in a position of reengaging our community with the school and the school is much better placed than in previous years.

Winton State School's 'Responsible Behaviour Plan for Students' outlines the expectations for students and staff at the school and strategies to respond to bullying. This program targets the development of resilience. We directly teach desired behaviour and have a strong SEL (social and Emotional Learning program. We are lucky to have an ex teacher/Chaplain to further guide and support our young people.

## Parent, student and staff satisfaction with the school

The School data is on a trend, we predict that we will continue to move in the 'right' direction.

## Involving parents in their child's education

Parents at Winton State School support their children's education by:

- Actively being members of our school's P&C, (which has been rejuvenated in 2014) □ Assisting with fundraising events.
- Supporting Speech Night, sporting carnivals and Parent Teacher interviews.
- Attending parent information sessions, celebrations and school assemblies.
- Engaging with the school newsletter and website
- We have a 'no surprise' policy Parents and carers are regularly communicated to about how the student is progressing.
- Each student has an ISAP (Individual Support Action Plan), which the parent/carer attends the writing of that action plan

## Reducing the school's environmental footprint

We are student outcomes orientated and outcomes are our main priority as a school and staff body, we try to minimise our footprint where we can. We do the usual things of turning power off where it is not needed. Given our geographical location and the difficulty of maintaining a green surround, our water use is higher, however our young people deserve a green oval to play on. It is a necessary cost.

Environmental footprint indicators		
	Electricity kWh	Water KL
2010-2011	1,170	0
2011-2012	107,313	180
2012-2013	129,847	360

The consumption data is sourced from the validated utilities expenditure return which the school submits at the end of each financial year. The data provides an indication of the consumption trend in each of the utility categories which impact on the schools environmental footprint.

# Our staff profile

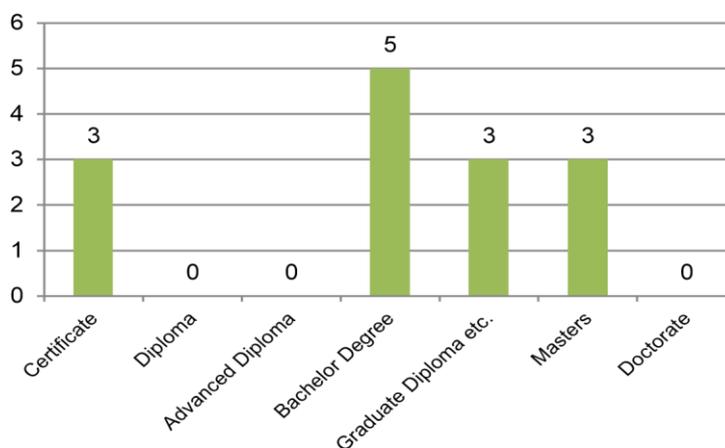

## Staff composition, including Indigenous staff

The staff figures below are based on Equal Employment Opportunity (EEO) 2012 census. In accordance with the EEO privacy provisions and to ensure confidentiality, the 'less than 5' rule has been applied in schools whose Indigenous staff numbers are less than five.

# Performance of our students

## Description of how non-attendance is managed by the school

Non-attendance is managed in state schools in line with the DET policies, SMS-PR-029: Managing Student Absences and SMS-PR-036: Roll Marking in State Schools, which outline processes for managing and recording student attendance and absenteeism.

In 2013 rolls were marked twice daily. Three Phase Leader Roles were introduced across the school and these people assisted teachers to follow-up on unexplained daily absences and truancy. In 2013 a school based indigenous teacher aide/liaison officer position was created to assist with the school with improving indigenous attendance rates. The role saw the officer attending family homes to work with parents to get their children to school.

## National Assessment Program – Literacy and Numeracy (NAPLAN) results – our reading, writing, spelling, grammar and punctuation, and numeracy results for the Years 3, 5, 7 and 9.

Our reading, writing, spelling, grammar and punctuation, and numeracy results for the Years 3, 5, 7 and 9 are available via the My School website at <http://www.myschool.edu.au/>.

To access our NAPLAN results, click on the *My School* link above. You will then be taken to the *My School* website with the following 'Find a school' text box.

The screenshot shows a search interface titled "Find a school". It contains two main search sections. The first section is "Search by school name", which includes a text input field and a yellow "GO" button. The second section is "Search by suburb, town or postcode", which includes a text input field, a "Sector" dropdown menu with "Government" and "Non-government" options, and a yellow "SEARCH" button.

Where it says 'Search by school name', type in the name of the school whose NAPLAN results you wish to view, and select <GO>.

Read and follow the instructions on the next screen; you will be asked to accept the **Terms of Use** and Privacy Policy before being able to access NAPLAN data.

If you are unable to access the internet, please contact the school for a paper copy of our school's NAPLAN results.

## Achievement – Closing the Gap

The school's 2012 'Closing the Gap Report' indicated that the school's Year 3 NAPLAN data indicated a declining gap, when comparing previous years. Indigenous students in Year 3, in 2012, outperformed nonindigenous students (on NAPLAN) in the areas of reading and numeracy. In the area of writing, the gap between indigenous and non-indigenous mean scale scores was more than halved from 2011. The attendance gap between indigenous and non-indigenous students was 6.6%. An increase in indigenous enrolments from families who are disconnected from many traditional and non-traditional support networks has resulted in a declining indigenous attendance rate.

Due to small cohorts we are unable to report on the apparent retention of indigenous students from Years 10-12.
